

SKIER HANDBOOK

If you've registered for one of the events, you're ready to ski the course, then report your time.

If you haven't registered, you can ski the course, keep your own time, then register later and report your time.

The Start and Finish lines are 100' behind the chalet and maintenance building.

Each course has color coded directional markers at the trail intersections to keep you on the correct trail.

Cl D'Loon

Pursuit

Flowage

Each course had “K” markers indicating how many kilometers you’ve completed.

The courses all leave from the same Start Line, then take different trails along their route. They all merge with 2K left to go and share the same Finish Line.

The virtual events run until February 21, so you have plenty of wintertime to join the fun.

For more information, to register or record your time go to www.meccatrails.com

MEMBERSHIP OPTION

Add \$25 to the registration of any of the events and become a MECCA member. That means you can ski the event(s) all winter long and report your BEST TIME.
